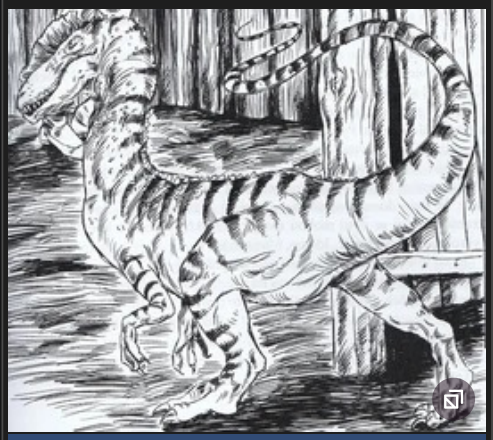
Vigilosaur

Vigilosaur (Polish: *Wigilozaur*) is a magically mutated lizard, specially created for guarding and protection. The creature is the result of the experiments done at Rissberg castle.

Individuals are about the size of a large dog and they run similarly as wyverns do, on two legs. Pyral Pratt was in possession of one that he used for fighting entertainment, though this one was considered an obsolete model.

Vigilosaur



Information	
Class	Draconid (mutated)
Occurrence	Arenas Wealthy people's estates
